
Eric Lesser Appears on “Greater Boston” with Gautam Mukunda

JUNE 8, 2023

Senior Counsel [Eric Lesser](#) sat down with GBH News’ Gautam Mukunda to discuss voter turnout ahead of the 2024 US presidential election. Specifically at issue in the recent installment of “Greater Boston” is the likelihood that the current presidential candidates’ ages could alienate certain voter populations. In his one-on-one with Mukunda, Lesser, a former Massachusetts state senator and Obama White House aide, argued that a candidate’s message—not age—will be at the forefront of voters’ minds on election day.
